EXPERIENCE

Angular Developer

Tragsatec | Jan. 2025 - Mar. 2026 | Spain

- Developed features with Angular (v17-v20), TypeScript and Angular Material, using the corporate library to build dynamic forms and tables with conditional logic.
- Implemented reactive state with Angular Signals and integrated REST APIs (CRUD and DTO mapping) using RxJS and HttpClient.
- Redesigned views following UX/UI and accessibility criteria, using SASS.
- Managed the local environment by running Java/Spring Boot microservices. Queried and validated data in Oracle with DBeaver.
- Integrated code using Git Flow and Azure DevOps. Took part in CI/CD pipelines, unit testing with Jasmine/Karma and coverage validation with SonarQube.

Angular Developer

IT Academy | Sep. 2023 - Dec. 2024 | Spain

- Implemented features with Angular (v16-v17) and Bootstrap.
- Consumed and integrated REST APIs using HttpClient and RxJS. Validated endpoints with Postman.
- Wrote unit tests with Jest. Collaborated through GitHub.

JavaScript Developer

Grupo Anaya, S.A.U. | Feb. 2023 - Jul. 2023 | Spain

- Adapted printed book content to web formats.
- Built interactive games with JavaScript for digital books.

Web Layout Designer

Principios Interactivos, S.L. | Jun. 2019 - Dec. 2022 | Spain

- Designed and built digital campaigns for CaixaBank Digital.
- Uploaded and sent campaign tests using Adobe Campaign.

Web Developer

VIP Rental Barcelona, S.L.U. | Mar. 2016 - May 2019 | Spain

- Managed e-commerce sites on WordPress, PrestaShop and Magento, optimizing UI, performance, accessibility and SEO.
- Managed digital campaigns.

Owner

Intercid, C.A. | Mar. 2007 - Nov. 2014 | Venezuela

- Ran the e-commerce business for technology devices.
- Taught basic computer skills to children, teenagers and adults.
